

# WOOD DOOR WEATHERSEALS

## WOOD DOOR BOTTOM NAIL-ON SEALS - EPDM

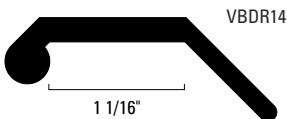

Our dense EPDM rubber seal will reduce drafts and create a cushion between the garage floor and the bottom of wood garage doors.

PART NUMBER	DESCRIPTION
BDR14-00-W	Dense Rubber, 100' Roll

Our EPDM sponge seal is an economical option to create a seal between the garage floor and the bottom of wood garage doors.

PART NUMBER	DESCRIPTION
BDF14-00-W	Soft Sponge, 100' Roll

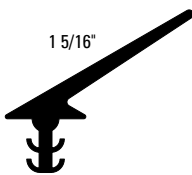

## WOOD DOOR BOTTOM NAIL-ON SEALS - VINYL

PART NUMBER	DESCRIPTION
VBDR14-00-W	Vinyl, 100' Roll

## REVERSIBLE VINYL INSERT SEALS

Cut a 1/8" wide saw kerf into any wood, plastic or composite molding. Press the vinyl into the groove for a clean, custom look. No nails or glue needed.
